		282 g/km	
Fuel cost (estimated) for 12,000 miles A fuel cost figure indicates to the consumer a guide price for comparison purposes. This figure is calculated by using the combined drive cycle (town centre and motorway) and average fuel price. Re-calculated annually, the cost per litre as at March 2018 is as follows - petrol 119p, diesel 123p and LPG 66p.		Air Quality Information Euro 6d(TEMP) includes an RDE (Real Driving Emissions) requirement to deliver greater on-road emissions reductions. Vehicles that already comply with the future requirements for RDE, Euro 6d, will be exempt from the diesel supplement. All new cars are Euro 6. Euro 6 cars meet current minimum standards for clean air zones.	
VED for 12 months Vehicle excise duty (VED) or road tax varies according to the CO ₂ emissions and fuel type of the vehicle.			
1st Year rate*		£2.827	
Std. rate**		£2.070	
		£450	
		Euro Standard E6b/6-1	
		Diesel VED Supplement NO	
Environmental Information: A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's consumption and CO₂ emissions. CO₂ is the main greenhouse gas responsible for global warming.			
Make/Model: Corvette Coupe Grand Sport 6.2L V8 MT7 Fuel Type: Petrol		Engine Capacity (cc): 6162 Transmission: Manual 7 speed	
Fuel Consumption:			
Drive cycle	Litres/100km	Mpg	
Urban	19,4	14,6	
Extra-urban	8,2	34,5	
Combined	12,3	23,0	
Carbon dioxide emissions (g/km): 282			
Important note: Some specifications of this make/model may have lower CO ₂ emissions than this. Check with your dealer.			

* A new 1st year VED rate will be applied to vehicles registered for the first time on or after April 2017.

** The standard 12 month VED rate for all registered cars in this band is shown for the purposes of comparison. Note, figures quoted reflect the current rate only, and may be subject to change in the future. Cars with a list price of over £40,000 when new pay an additional rate of £310 per year on top of the standard rate, for five years.
